Independent Auditor's Report

To the Board of Directors
Humane Farming Association

Opinion

We have audited the financial statements of Humane Farming Association, which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Humane Farming Association as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Humane Farming Association and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Humane Farming Association's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Humane Farming Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Humane Farming Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Humane Farming Association

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Organization and summary of significant accounting policies

The Humane Farming Association (the "Organization") is a national, non-profit organization. The organization works to protect consumers from the misuse of chemicals in food production and to eliminate the suffering to which farm animals are subjected.

Basis of accounting and presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. The Organization reports information regarding its financial position and activities according to two classes of net assets described as follows:

Net assets without donor restrictions - Net assets without donor restrictions represent available resources other than donor-restricted contributions. Included in net assets without donor restrictions are funds that may be earmarked for specific purposes.

Net assets with donor restrictions - Net assets subject to donor- (or certain grantor-) imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. There are no net assets with donor restrictions for the years ended December 31, 2022 and 2021.

Tax-exempt status

The Organization is exempt under Section 501(c)(3) of the Internal Revenue Code ("IRC") and is exempt from private foundation status under IRC Section 509(a)(3) and as such is not subject to federal or state income taxes.

Management has analyzed the tax positions taken by the Organization and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Organization's federal information returns prior to fiscal year 2019 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If the Organization has unrelated business income taxes, it will recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statements of financial position.

Cash and cash equivalents

The Organization considers all highly-liquid investments with a maturity of three months or less when acquired to be cash equivalents. There were no cash equivalents for the years ended December 31, 2022 and 2021.

Inventory

Inventory is carried at the lower of cost or fair market value, using the first-in, first-out method of accounting.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets.

Contributions

Transactions where the resource provider often receives value indirectly by providing a societal benefit, although the societal benefit is not considered to be of commensurate value, are deemed to be contributions. Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where the Organization has to overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if the Organization fails to overcome the barrier. The Organization recognizes the contribution revenue upon overcoming the barrier or hurdle. Any funding received prior to overcoming the barrier is recognized as a refundable advance.

Unconditional contributions are recognized as revenue and receivables when the commitment to contribute is received.

Unconditional contributions are recorded as either with donor restrictions or without donor restrictions. Contributions are recognized as contributions with donor restrictions if they are received with donor stipulations that limit the use of the donated asset. Contributions received with no donor stipulations are recorded as contributions without donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and are reported in the statement of activities as net assets released from restriction. Donor-restricted contributions whose conditions and restrictions expire during the same fiscal year are recognized as contributions without donor restrictions.

Noncash contributions

The Organization records donations of securities at the fair market value on the date of the gift.

Donated services

Donated services are recorded at their estimated values at the date of receipt.

Donated assets

Donations of property, plant and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset to a specific purpose.

Property, plant and equipment

The Organization values its property, plant and equipment at cost and depreciates them over their estimated useful lives using the straight-line method of depreciation. Depreciation of property, plant and equipment is provided using the following useful lives:

Buildings and improvements	10 - 30 years
Machinery and equipment	5 - 10 years

The Organization reviews its long-lived assets for impairment using an undiscounted cash flow method whenever events or circumstances indicate that the carrying value of an asset may not be recoverable. There were no impairment losses related to long-lived assets as of December 31, 2022 and 2021.

Functional allocation of expenses

Expenses are charged to program services, general and administrative and fundraising based on a combination of specific identification and allocations made by management. Expenses that are attributed to multiple functions are allocated using a reasonable allocation method that is consistently applied. Salaries and related costs are allocated based on staff functions.

Use of estimates

The preparation of the Organization's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Advertising costs

The Organization expenses the cost of advertising as incurred. Advertising costs charged to operations during the years ended December 31, 2022 and 2021 were \$32,163 and \$32,253, respectively.

Subsequent events

The Organization has evaluated events and transactions for potential recognition or disclosure through July 10, 2023, which is the date the financial statements were available to be issued.

Note 2 - Concentrations of credit risk

Financial instruments which potentially subject the Organization to concentrations of credit risk are cash and contributions receivable. The Organization maintains its cash with high credit quality financial institutions. At times, such amounts may exceed federally insured limits. Concentrations of credit risk with respect to receivables are limited due to the large number of contributors, comprised of individuals, corporations and foundations.

Note 3 - Liquidity

The Organization regularly monitors liquidity required to meet its annual operating needs and other contractual commitments. Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Cash	\$ 381,630	\$ 252,801
Accounts receivable	-	2,850
Investments	<u>11,040,846</u>	<u>10,521,862</u>
	<u>\$ 11,422,476</u>	<u>\$ 10,777,513</u>

As part of the Organization's liquidity management, the Organization keeps its financial assets available as its general expenditures, liabilities, and other obligations come due.

Note 4 - Fair value measurements

The Organization values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data. If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets measured at fair value at December 31, 2022 and 2021 have been categorized in the tables below based upon the fair value hierarchy described above:

December 31, 2022	Level 1	Level 2	Level 3	Total

Common stock	\$ 155,950	\$ -	\$ -	\$ 155,950
Mutual funds	9,363	-	-	9,363
Exchange traded funds	805,885	-	-	805,885

			Cash	763,973
			Certificates of deposit	<u>8,020,501</u>
				<u>\$ 10,521,862</u>

The fair value techniques are as follows for the investments held by the Organization as of December 31, 2022 and 2021:

Common stock - Valued using market prices on active markets. Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

Mutual funds - Valued using market prices in active markets. Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets. The values of mutual funds represent the net asset value of shares held by the Organization at year end.

Exchange traded funds - Valued using market prices in active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

Corporate bonds - Valued at the closing price reported in the active market in which the individual securities are traded.

Annuity - Valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Commodities - Valued using a public market where commodities are regularly traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used as of December 31, 2022 and 2021.
